

ETAIN

PowerBi

It's time to let lawyers be lawyers.

Unleash the full potential of Thomson Reuters HighQ with Etain PowerBI Integration. With this powerful add on, site admins can effortlessly share PowerBI reports across any HighQ site as well as build automated and sophisticated dashboards that enhance value and efficiency for HighQ users – without users having to log into PowerBI separately

Etain add-on's unlock the true potential of Thomson Reuters HighQ. By combining our add on's, such as Etain Table and Etain Timeline or PowerBI integration, you will get powerful solutions and tools to handle complex processes. When needed, Etain can customize any tool, or combination of tools, to specific use cases.

With the Etain PowerBI integration, law firms and in-house teams are able to focus on synthesizing insights, complex problem solving and strategic decision-making processes.

About

All Etain HighQ Add-Ons are developed by legal process experts in collaboration with leading law firms and their clients, capturing the "best of breed" from multiple disciplines in multiple jurisdictions. Etain Add-Ons to HighQ are compatible with HighQ Collaborate, and some may also be made available for HighQ Publisher upon request. The Add-Ons are embedded in Etain's HighQ Solutions for Legal (HighQ Collaborate Templates) but are also available on a stand-alone basis. Customer-specific adjustments to all Add-Ons are available on request.

Etain has years of experience with enabling HighQ customers to make the most out of their investment in HighQ. Our expertise ranges from deep knowledge about the HighQ API, to building both simple and sophisticated solutions for specific purposes based on HighQ.
