# Time Vault

## It's time to let lawyers be lawyers.

By seamlessly integrating data collection and storage, Etain Time Vault enable you to streamline your data management processes and harness the true value of your data.

With this powerful combination, you can create advanced HighQ sites specifically designed for data collection, enabling you to leverage the full power of data lakes, data warehouses, and other centralized data storage facilities.

The Etain iSheet data exporter for HighQ Collaborate opens up a world of possibilities by allowing you to combine data captured in iSheets with your centralized data storage infrastructure.

## What you get.

### Data Security and Management

Time Vault ensures robust data security and management. Safeguard valuable iSheet data beyond HighQ, create time-stamped versions, and easily export data. Enhance accessibility, integration, and collaboration across platforms.

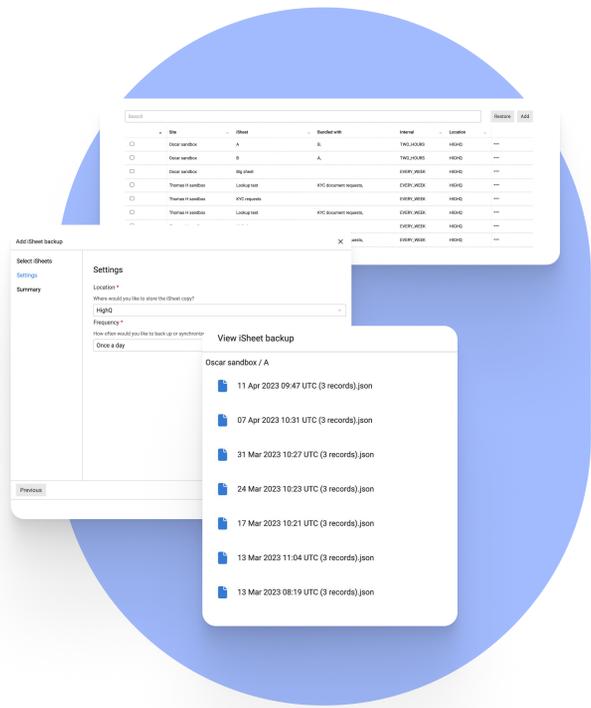

### Data Integration and Accessibility

Unlock seamless data integration and accessibility. Combine HighQ with other sources, streamlining project management. Templified options simplify checklist and to-do list addition, enhancing productivity.

### Data Backup and Recovery

Ensure data resilience with immediate backups and full restoration. Protect critical information and enhance business continuity. Time Vault is a must-have for safeguarding valuable iSheet data.

## Bring HighQ to your data strategy.

### Scheduled synchronization

Schedule synchronization of your iSheet data to your centralized data storage in an accessible and versatile JSON format suitable for combining with data from other sources.

### Advanced back-up

Make full back-ups of your most critical and data sensitive iSheets for added security.

### iSheet history

Utilize back-up files to create a complete time-stamped history of your most important iSheets.

## About

All Etain HighQ Add-Ons are developed by legal process experts in collaboration with leading law firms and their clients, capturing the "best of breed" from multiple disciplines in multiple jurisdictions. Etain Add-Ons to HighQ are compatible with HighQ Collaborate, and some may also be made available for HighQ Publisher upon request. The Add-Ons are embedded in Etain's HighQ Solutions for Legal (HighQ Collaborate Templates) but are also available on a stand-alone basis. Customer-specific adjustments to all Add-Ons are available on request.

Etain has years of experience with enabling HighQ customers to make the most out of their investment in HighQ. Our expertise ranges from deep knowledge about the HighQ API, to building both simple and sophisticated solutions for specific purposes based on HighQ.
